

# Construction Update

INFORMATION FOR OUR BARANGAROO SOUTH NEIGHBOURS

Barangaroo  lendlease

2 August 2017

Dear Barangaroo Neighbour,

## Important Construction Update – Hickson Road Upgrade

As part of the Barangaroo development, an upgrade of Hickson Road, between Watermans Quay and the Sussex Street Bridge, will be delivered.

The Hickson Road upgrade, constructed by Lendlease on behalf of the Barangaroo Delivery Authority, will improve the area's stormwater management system, provide safe and accessible drop-off zones and improve transport connections. The work will also involve landscaping, including the planting of low level shrubs, groundcover and trees. The project will take approximately 14 months to complete and will be done over several stages to minimise any potential impacts.

The first stage of this work will commence from **Saturday, 5 August 2017** and will involve the excavation of the western footpath and the middle of Hickson Road. Hickson Road will remain open to traffic throughout the work.

This first stage of work is expected to continue until mid-October 2017 and further updates will be provided as the work progresses.

This work will include some noisy activities however Lendlease will implement appropriate mitigation measures to reduce any impact from these works.

Construction activities will take place during standard approved construction hours of 7.00am to 6.00pm Monday to Friday and 7.00am to 5.00pm on Saturdays.

## Pedestrian access changes from Saturday, 5 August 2017

There will be several pedestrian diversions required as part of the first stage of this work. Signage will be in place to advise pedestrians of these changes. Please refer to the image overleaf for more information. A summary of these changes is provided below:

- The footpath at the intersection of Hickson Road from Watermans Quay will not be accessible to pedestrians. Access to the International Towers Sydney end of trip facilities from Hickson Road will be maintained.
- The footpath on Hickson Road, in front of International House Sydney will not be accessible to pedestrians however the walkway and access to retailers will be maintained.
- The pedestrian road crossing and traffic lights underneath the Sussex Street Bridge, on Sussex Street, will be removed. Please use the Sussex Street or Napoleon Bridges, or alternatively walk 150 metres to the Napoleon Street intersection to cross the road.

## Removal of temporary motorcycle parking on Hickson Road

To maintain traffic on Hickson Road throughout the work the temporary motorcycle parking area will be removed on **Saturday, 5 August 2017**. In line with the City of Sydney's Parking Policy and Barangaroo's commitment to creating a carbon neutral precinct, limited street parking will be reinstated at the completion of the work.
