Dear Barangaroo Neighbour,

Important Construction Update – Hickson Road Upgrade – Stage 2 work

As part of the Barangaroo development, an upgrade of Hickson Road, between Watermans Quay and the Sussex Street Bridge, is currently being delivered. The first stage of this work will soon be complete and planning for the second stage of work has begun.

The second stage will commence on **Saturday, 14 October 2017** and will involve excavating the western half of Hickson Road. Hickson Road will remain open to traffic throughout the work.

This second stage is expected to be completed by late January 2018. Further updates will be provided as the work progresses.

This work will include some noisy activities. Lendlease will implement appropriate measures to reduce the impact from these works.

Construction activities will take place during approved construction hours of 7.00am to 7.00pm Monday to Friday and 7.00am to 5.00pm on Saturdays.

Pedestrian access changes from Saturday, 14 October 2017

In addition to the existing pedestrian diversions which will continue throughout the second stage of work, further diversions will be required. Signage will be in place to advise pedestrians of these new changes. Please refer to the image overleaf for more information. A summary of these additional changes is provided below:

- The southern pedestrian crossing at the intersection of Hickson Road and Napoleon Street will be temporarily removed. The northern pedestrian crossing will remain accessible.
- The ramp and stairs underneath the Napoleon Bridge will be temporarily removed. An all-abilities ramp will be constructed nearby this location prior to this removal to ensure access is maintained.
