BARANGAROO DELIVERY AUTHORITY BOARD WELCOMES REVIEW REPORT

The Barangaroo Delivery Authority Board today welcomed the release of a report following the review of planning for the new precinct and the Premier's appointment of Mr Terry Moran as the new Board Chair.

Mr Moran, who is the outgoing Secretary of the Department of the Prime Minister and Cabinet, has had a most distinguished career as a leading public servant, working with successive Australian Federal and State governments.

The Premier, who now has responsibility for the Barangaroo Delivery Authority, has said the Board will prepare a detailed response to the review's recommendations.

The Board confirmed its continuing commitment to broad engagement and consultation with the Sydney and NSW community.

The Board also acknowledged the contribution and dedication of the former Chairman Mike Collins. Mr Collins has been involved in the project since its inception more than six years ago, as Chairman of the Sydney Harbour Foreshore Authority and more recently the Barangaroo Delivery Authority.

Mr Mike Collins said he has been honoured to have been involved with this important project.

"I look forward to seeing the continued evolution of Barangaroo and the fantastic contribution it will make to Sydney and New South Wales," Mr Collins said.
