BARANGAROO DELIVERY AUTHORITY WELCOMES REVIEW

The Barangaroo Delivery Authority today welcomed the review announced by the Minister for Planning and the adjournment of proceedings in the Land and Environment Court.

Following mediation today between Lend Lease, the Barangaroo Delivery Authority and Australians for Sustainable Development an agreement was reached.

Key elements included:

- Minister announced a review and will appoint an independent person to conduct the review
- Terms of reference for the short sharp review of the processes that have gone on to date will be determined as soon as practicable
- Australians for Sustainable Development agreed to withdraw the court action, allowing certain works on site to commence

The Minister intends that the review will be conducted expeditiously.
