

# Remediation Works

9 January 2018

## Nightworks – Watermans Quay

In November and December 2017, works took place in Hickson Road and Watermans Quay to allow Sydney Water to connect a new water main beneath the ground on the corner of Watermans Quay and Hickson Road.

Additional work is now required to disinfect the main to ensure that water supplied to the local area is safe for use.

Following this, the new main will be connected to the network.

The work is expected to place between **8pm** and **5am** on the following dates:

- **Sunday, 14 January 2018**
- **Monday, 15 January 2018**
- **Tuesday, 16 January 2018**
- **Wednesday, 17 January 2018**

**These works are not expected to generate any excessive noise.**

## Traffic Management

The work will take place in the westbound lane of Hickson Road.

Traffic management will be in place to allow two-way traffic at all times. Access to the International Towers Sydney basement on Watermans Quay will remain.

Traffic control will be in place to safely direct road users for the duration of this work. Please refer to the map overleaf for further details.

## More information

Thank you for your patience during these works. For further information, please contact a member of the team.
