

Construction Update

INFORMATION FOR OUR BARANGAROO NEIGHBOURS

28 August 2019

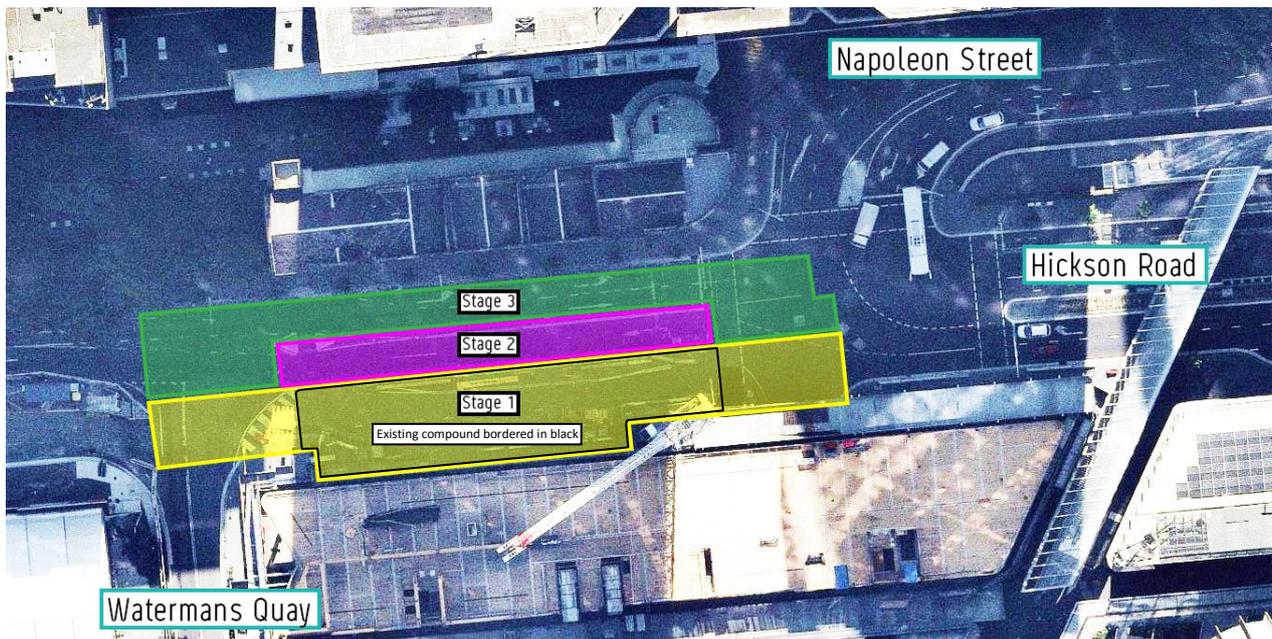

Dear Barangaroo Neighbour,

Construction Update – Hickson Road upgrade and upcoming night works

The first stage of the Hickson Road upgrade was completed in 2018. As Daramu House reaches completion, Hickson Road will be upgraded between Watermans Quay and the Napoleon Street intersection. Works will commence on 2 September and be complete by 29 September 2019 (subject to weather).

While most of the work will take place during standard day hours, there are elements of work that must occur at night.

The work will take place in a staged manner to ensure that two-way vehicular traffic on Hickson Road is **maintained at all times**. There will be three stages of work to finalise the road, outlined in the image below.

Day work

- **Stage 1 (yellow)** will not be required outside of the existing compound (bordered in black overleaf) on the western side of Hickson Road.
- **Stage 2 (pink)** will occur between **Wednesday 4 September and Sunday 22 September**. This will involve demolition of the existing road and installation of a concrete median strip. A site compound will be established in the middle of Hickson Road.
- **Stage 3 (green)** will occur between **Saturday 28 September and Sunday 29 September**. Minor works are required within this area.

Standard working hours are between 7am and 7pm Monday to Friday, and 7am to 5pm on Saturday and Sunday. Works are subject to inclement weather and may be extended as required. Updates will be provided throughout the work stages to advise of any changes.

Night work

Night work is required to re-asphalt and line mark the road. Re-asphalting of the road requires the existing asphalt to be removed, prior to new asphalt being laid. This work is being carried out at night to limit impacts on the local road network.

- **Stage 1 (yellow)** will occur between **Monday 2 September and Tuesday 3 September** (contingency nights: Wednesday 4 September and Thursday 5 September).
- **Stage 2 (pink)** will occur between **Saturday 21 September and Sunday 22 September** (contingency nights: Monday 23 September and Tuesday 24 September).
- **Stage 3 (green)** will occur between **Saturday 28 September and Sunday 29 September** (contingency nights: Monday 30 September and Tuesday 1 October).

Night works will be carried out between **7pm and 5am**. If works are unable to be carried out due to inclement weather, contingency nights will be in place. Some of this work may be noisy, however appropriate mitigation measures will be implemented to reduce any impact to surrounding neighbours.

Managing impacts

Traffic control will be in place at all times to manage pedestrian and vehicle movements throughout the work. Pedestrian and two-way vehicular movement around Hickson Road will be maintained at all times.

Contact us

We thank you for your patience during this important work. If you have any further questions about the Hickson Road Upgrade, please do not hesitate to call the Lendlease Community Development team on 1300 039 733 or email barangarosouth@lendlease.com.

Kind regards,

Lendlease Community Development team
