

# Barangaroo Remediation

21 October 2019

---

## Hickson Road - Upcoming Night Works

As previously notified, remediation excavation within the Hickson Road Odour Control Enclosure (OCE) is now complete. The works compound is being progressively removed while the road, public domain and utilities are reinstated.

The next stage of this work involves connecting a gas main on Hickson Road, within the site compound, outside 30 to 38 Hickson Road. This work will take place between 6pm and 6am on **Monday 28 October, Tuesday 29 October and Wednesday 30 October 2019.**

The work will require the use of jackhammers, generators and other equipment. Where possible, noisy works will be kept to a minimum past 12am. Directional lighting stands will also be used to ensure the safety of our workers.

The work dates and times have been set by Jemena. There will be no interruption to gas supply during these works.

If this work is delayed for unforeseen circumstances, the work will take place on **Thursday 31 October and Friday 1 November 2019.**

## More information

Thank you for your patience during these works. Please contact a member of the team for further information.
